

Household Inventory

A RECORD OF WHAT I OWN

Do you have a record of what you own?

Taking stock of your things can be tedious, but doing so will be worth it if you ever find yourself in a claims situation.

To help ensure your household inventory is complete and secure:

- Provide the value of each of your possessions, room by room.
- Include serial numbers wherever possible.
- Take photos or video to support your inventory records.
- Keep this document and any other insurance materials in a safe place.

If you need to file a claim...

- Contact your insurance carrier immediately.
- Protect your property from further damage.
- Document the damage or loss in writing, and with photos or video before repair work begins.
- Schedule an appointment with your Claim Representative as necessary.
